### **HOUSEKEEPING MANAGEMENT**

Just to illustrate, as to how the company takes care of the services provided so that, “Neither Compromise in quality nor cost Effectiveness is ignored”, the example of Cleaning Services is given below:-

- It provides improved cleaning methods and maintenance at increased rate of productivity but at reduced costs.
- The company has own its specialists and trained manpower in cleaning and maintenance and support the onsite manpower to improve the performance of work through choosing new cleaning agents required to meet challenges of new furniture, floor, wall covering and ceramics.
- It has the most up-to-date work process and has a commitment to innovation in housekeeping management, the facilities served; meet their basic objectives “Maintaining a safe and clean environment”.
- Although the proposal always carries details of men, materials, equipment, it would like to reiterate that its cleaning philosophy is to identify the task, detail trained men to perform them, improve their productivity by providing equipment and user friendly materials and supervise them. In other words, what it offers you is a contract within board paradigm of cleaning engineering.

Likewise **C4U Group** is determined to set up a class service management for customer satisfaction at high level with the determination in professional work ethics for hygienic perfection with the best management of upgraded  
~~Housekeeping.~~

## **1. Entry Level Training**

The company rightly believes the dictum that early and initial training is important. Accordingly, after recruitment the selected individuals are put through a 10 days training module, as it believes that proficiency in security is largely a product of the combination of experience and a through training program is designed to improve the skills and knowledge of the security personnel and also to keep them trained to be alert and agile I the field. It all amply is reflecting in the attitude performance and morale of the individual.

**On Site Training :-** Prior to the commencement of contract and occasionally later, the training is imparted on site.

**On Job Training :-** It brings familiarity with the work expected and raises the confidence level.

**Customized Training :-** It takes care of special requirements of any of the clients. Of course, the Company constantly updates job knowledge and skills by keeping liaison with various institution and loss prevention organizations.

It remains totally committed to train its guard force to become professionally competent and highly effective.
